

Greater Alabama Council Cub Scout Fast Tracks Program

To improve the Scouting program promised to each young person signed up for our local Cub Scout program, the Cub Scout Fast Tracks Program is being encouraged and implemented across the Greater Alabama Council. Here are the fundamental characteristics of the Fast Tracks Program:

- 1) All registered volunteers to be trained for their Scouting position within 90 days of registering as a Scout volunteer. See your district training chair and calendar for information on training opportunities. Proper documentation of the training is also a part of this process. Each Pack should look to have a full Pack Committee and two-deep leadership in all Dens. All parents should be asked to serve in some role in the Pack helping give support to the local program.
- 2) Each Cub Scout to have at least one rank advancement annually---- follow the ideals and values out of the Scouting handbook.
- 3) **“Make wonderful memories with your son”**-----all Packs to encourage their Dens and families to participate in district and council level events including the Fall Popcorn Fund Raising Campaign to help fund the local Scouting program. Each Pack should have attendance at monthly roundtables and review the Digital Eagle, the weekly electronic Scouting newsletter of the Greater Alabama Council.
